

ALAN MCARTHUR UNSUNG HERO AWARD

This category has been launched in memory of Alan McArthur who dedicated more than 20 years to innovating and improving health and safety.

The Award is designed to recognise who has made a significant contribution to the implementation or enhancement of health, safety or wellbeing standards within either their own or a client organisation. That individual will have gone above and beyond to ensure the highest level of safety for persons and/or premises.

Key tips for your entry

1. Keep information simple

Please keep your sentences short and easy to understand. Not all of the judges are technical experts so please don't assume they will know acronyms or technical lingo. Simply submit your text in language that is clear, precise and simplistically highlights the merits for its submission.

2. You do not have to be an exhibitor of the Fire Safety Event, Health and Safety Event or any other exhibition organised by Western Business Media to be eligible to enter the awards.

3. Provide detail about the performance of the individual

The judges need to know details on how the individual has made a positive impact within an organisation or partner organisation. Please provide verifiable evidence that their contribution has directly resulted in significant improvements to either the health, safety or wellbeing of persons or premises.

4. Legal proceedings

If the individual or your company has been subject to any prosecution in relation to fire safety law or health and safety law since 1 January 2020, or has been subject to any enforcement notices, then your entry will automatically be disqualified.
